BERRY BREEZE

FEBRUARY  
2026

# From the GM

January has certainly reminded us that winter is in full command this year. With record-cold temperatures and snow-covered grounds, our club looks a bit different than it does in the warmer months—but it remains, as always, a place of warmth, connection, and community.

While Mother Nature has kept us bundled up, our team has been working hard behind the scenes to ensure the club continues to feel welcoming and comfortable for you and your guests. From maintaining safe walkways and protecting our facilities from the elements to planning for the exciting seasons ahead, there is no winter slowdown when it comes to caring for your club.

This time of year also offers a chance to slow down and enjoy the quieter side of club life. We hope you'll take advantage of cozy dining experiences, winter social events, and the simple pleasure of gathering with fellow members away from the cold. Your presence brings energy to the club, no matter the temperature outside.

As always, thank you for your continued support, patience, and engagement—especially during challenging weather conditions. We look forward to the gradual return of longer days and, eventually, spring sunshine. Until then, please stay warm, stay safe, and know that our staff is here to make your time at the club enjoyable all winter long.

Warm regards,

Brandie Thomas  
General Manager

## Golf Update

The EZ locator portion of our GPS is fully functional (GPS measurements are to the flag- not the middle of the green). Also, during your next round you will notice several diseased or damaged trees have been removed. Many more have been trimmed and will allow better course ventilation and "hopefully" help ball flight. By spring new trees should be added in strategic locations. Winter golfers will also notice root pruning in numerous areas; summer golfers will see more vivacious grass in these same areas. (Help minimize path damage also) Bunker repairs have also begun and will continue throughout the year. Drains are being located and repaired, and some bunkers will be completely rebuilt. Also, by spring we will have a new sign-in sheet for the pro shop. When you go in to get your key, please sign-in with your name & number. This will help the pros keep track of who is playing in case they are away from the desk for the golf committee.
